

### **Genuine Friendliness** Amid Enchanting Gardens

#### **Western Owned and Operated**

Western owned-and-operated, Alta Cebu Village Resort is a boutique resort with the unique ambiance of an eclectic Filipino artists' village rooted amidst wondrous, mystical gardens. Though it is the closest resort to Cebu City, Alta Cebu is enough of a hideaway to provide a tranquil refuge for those who dream of a sanctuary near the sea.

Romantics, families, scuba divers, backpackers, ESL teachers and others from around the world meander the seven-acres of cobblestone paths, enchanted by 300+ varieties of lush, brightly-colored tropical vegetation carpeting the floor of Alta Cebu's miniature rain forest.

Trained under the tutelage of master chef Joseph Wyats, one-time executive chef for the King of Belgium, Alta's 5 dedicated chefs specialize in colorful presentation and tantalizing flavors, both international and Filipino. As far as we know, of all the 3 & 4 star resort restaurants in Cebu, Alta's La Regatta restaurant is the only one with air conditioning.

By blending the best modern comforts (from Wi-Fi to extra-comfortable king sized beds) with Pacific Islander architecture and room décor, our design team wove nipa/amacan and exotic plants with artifacts and murals by local artisans into a resort-wide tapestry of native beauty.

Alta Cebu is a great escape to fun and leisure with: Tranquility Center (massage and beauty treatments), complete tour desk, free DVD movies, cultural events, socializing poolside with live entertainment, fashion shows, beauty contests, fitness center, sports (scuba lessons, wall climb, volleyball etc.), videoke, huge gift shop, jewelry and Filipino cooking classes, games and other activities and even a monkey zoo.

As one of the pioneers in sustainable tourism in Cebu, Alta practices and teaches environmental awareness to the community and offers environmental and volunteering activities to those guests who share our vision.

There is something about Alta which attracts genuinely friendly staff – our guests say some of the friendliest in the world. Many guests extend their stay and many more say that they can't wait to return-“It's like coming home to Alta!”.
